Detector
Series

HA01-ZB

HA01 smart light control switch can be intelligently controlled by using the Mei'an Smart Home APP. Through intelligent linkage, the control and use of the smart home can be realized, allowing you to have a smarter and easier life!

Specification

Overview			
Transmit distance	30-50m(indoor)	Max load power per channel	Resistance <600W
Wireless networking	Zigbee IEEE802.15.4	Working environment	-10°C～50°C, <95%RH
Working current	1.5A/Channel	Power supply mode	AC110V—240V
Max working power	200W/110V (PER CH) 400W/220V (PER CH)	Dimensions	86*86*37 mm
