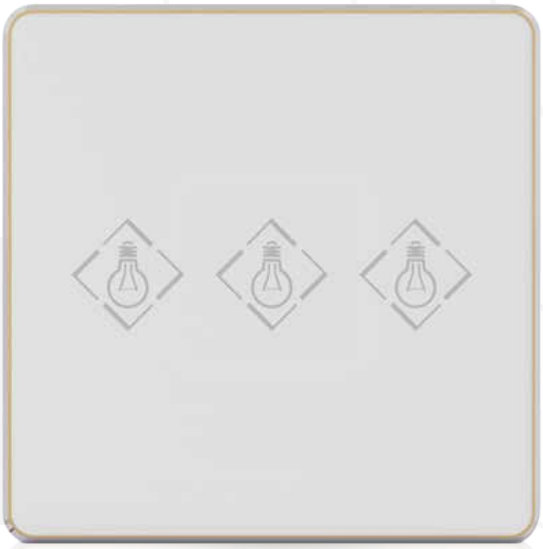
HA02-ZB



HA02 smart touch wall switch integrates technology and aesthetics, mobile phone remote control, local remote control and local touch. Three control methods can be controlled at will. Soft border design, more feel.

Specification

Overview			
Transmit distance	30-50m(indoor)	Max load power per channel	Resistance <600W
Wireless networking	Zigbee IEEE802.15.4	Working environment	-10°C～50°C, <95%RH
Working current	1.5A/Channel	Power supply mode	AC110V—240V
Max working power	200W/110V (PER CH) 400W/220V (PER CH)	Dimensions	86*86*37 mm
