Remote Controller

Wireless

Mini wireless remoter controller with 4 keys; it is one of important accession of our company,With special out look, it can be decoration and convenient for taking along. Easy to operate,has high sensibility in 100 meters.With the function to arm,disarm.emergency help.

PB-422R

PB-443R

Specification

Overview	
Using range	100m (When the remote control distance is insufficient, please hang the remote control key ring vertically and press the remote control button.)
Frequency	433MHz
Working voltage	3V
Working environment	-10℃-60℃(14℉-140℉)
Battery	1 x CR2450 button battery
Uiescent current	≤1μA
Working current	≤15mA
Prompt	The LED light is red when transmitting.

Specification

Overview	
Using range	≥100m(in the open place)
Frequency	433MHz/868MHz
Working voltage	3V
Working environment	-10℃-60℃(14℉-140℉)
Battery	1 x CR2032 button battery
Quiescent current	≤1μA
Working current	≤15mA
Prompt	The LED light is red when transmitting.
